Effective July 2021

## COVID-19 PATIENT SCREENING CHECKLIST:

Patients who wish to skip the line for screening, may complete this **COVID-19 Checklist** before arriving at the Clinic for their appointment and provide it to the screening team at the front entrance. Checklists will be kept strictly confidential by The Peterborough Clinic.

In order to enter the clinic for any reason you **must meet the following conditions:**

**Check**

- 1) I am wearing a mask
- 2) I am alone – no visitors unless you require one (1) personal care provider
- 3) I did not arrive early – no more than 5 minutes before your appointment
- 4) I am not wearing gloves – you will be required to sanitize your hands

  
  
  

**Do not come into the clinic** if you answer “yes” to **ANY** of these questions.

1. Do you have **any** new /worsening COVID-19 **symptoms**?

YES

fever, cough, difficulty breathing, sore throat, unexplained congestion,  
loss of taste/smell, difficulty swallowing, unexplained headache/fatigue/muscle aches,  
diarrhea, pink eye, abdominal pain, nausea/vomiting, (if you are > 70 yrs delirium,  
falling down, functional decline, worsening chronic conditions)

2. Are you **awaiting a COVID-19 PCR test** result due to symptoms/positive rapid test?

YES

3. Have you been **advised to self-isolate** for any reason?

YES

(i.e. close contact with COVID-19 case, outbreak, etc.)

4. Have you, or someone you live with, **travelled** outside Canada  
in the past 14 days **AND** are required to quarantine per the **federal quarantine requirements**?

YES

I have read and completed the above checklist:

Please Note:

The Peterborough Clinic is fully accessible. If you require the use of the elevator, it is currently restricted to one person (plus one caregiver if necessary). This measure is in place to provide physical distancing to stop the spread of COVID-19. Please inform the screener at the front entrance if you require the use of the elevator as additional wait time may be required. Stairs are encouraged for anyone who does not need the elevator to reduce wait times.
